

Prohibited & Restricted Items

Applicable to both TRAKPAK and UNTRAK

Shipping dangerous goods by road, sea and other types of transport

The UK Government's website provides information and links to the internationally agreed rules for shipping dangerous goods by road, sea and other types of transport. www.gov.uk/shipping-dangerous-goods/rules-for-different-types-of-transport

Figure 1: GHS consumer labelling

The following consumer symbols indicate that a product is classified as dangerous goods:

Note: A product bearing the GHS corrosive label (depicted far right above) is NOT classified as dangerous goods if the signal word 'Danger' and hazard statement 'causes serious eye damage' applies.

Dangerous goods labelling (examples, not to scale):

PROHIBITED ITEMS	
ITEM	DETAILS
Aerosols	Including spray paints, lacquers, solvents, air fresheners, oven cleaners, deodorants, body sprays, hair sprays, shaving and hair removal creams
	With an alcohol content greater than 24% ABV including spirits such as gin, vodka and whisky.
	Alcoholic beverages with an alcohol content no greater than 24% ABV including beer, lager, wine and champagne, are allowed. Please see Restricted Goods.
Ammunition	Except lead pellets and other airgun and airsoft projectiles.
Asbestos	
Balloons filled with non-flammable gas	
Batteries	Batteries that are classed as dangerous goods by the latest edition of the International Civil Aviation Organization's (ICAO) Technical Instructions are prohibited. This includes lithium ion/polymer/metal/alloy batteries sent in isolation, contained in or with equipment. Lead acid batteries (e.g. car batteries) and sealed lead acid batteries are also prohibited. Alkaline, nickel metal hydride (NiMH) and nickel cadmium (NiCd) batteries may only be sent when new and in their original packaging. Please see Restricted Goods.
Biological Substances (Category B)	Human or animal material including, but not limited to, excreta, secretions, blood and its components, tissue and tissue fluids.
Clinical and Medical Waste	For example, contaminated dressings, bandages and needles.
Controlled drugs and narcotics	Including cannabis, cocaine, heroin, LSD, opium and amyl nitrate.
Corrosives	Substances which can cause severe damage to living tissue, other freight or transport by its chemical action are prohibited including aluminium chloride, caustic soda, corrosive cleaning fluid, dyes, acids, corrosive paint and rust removers, mercury and gallium metal.
Counterfeit currency, bank notes and postage stamps	Including any false instrument, or copy of a false instrument (within the meaning of section 5 of the Forgery and Counterfeiting Act 1981) except copies of old denominations, which are now obsolete and worthless except for collectable value and cannot be passed as tender. Please see Restricted Goods

PROHIBITED ITEMS	
ITEM	DETAILS
Dry ice	For example UN1845 when used as a coolant for UN3373 or for other perishable items.
Electronic items sent with lithium ion/polymer/metal/alloy batteries	Electronic items sent with lithium ion/polymer/metal/alloy batteries are prohibited.
Electronic items containing any batteries exceeding 100Wh	Including electric bicycles and some high-performance laptops
Environmental waste	Including used batteries and used engine oil
Explosives	Any chemical compound, mixture or device capable of producing an explosive or pyrotechnic effect with substantial instantaneous release of heat and gas is prohibited e.g. ammunition, blasting caps, fireworks, flares, fuses, igniters and nitro-glycerine. Items that appear to be prohibited explosive ordnance may be subject to additional checks and delays.
Flammable liquids	This includes mixtures of liquids or liquids containing solids in solution or suspension which give off a flammable vapour. Any liquid with a closed cup flash point below 60.5° C is prohibited e.g. acetone, benzene, cleaning compounds, gasoline, lighter fuel, paint thinners and removers, petroleum and solvents, certain alcoholic beverages, perfumes and aftershaves, varnishes and enamels including nail varnish.
Flammable solids	Solid materials which are liable to cause fire by friction, absorption of water, spontaneous chemical changes or retained heat from manufacturing or processing, or which can be readily ignited and burn vigorously e.g. adhesives, calcium carbide, cellulose nitrate products, fire lighters, matches, metallic magnesium, nitro-cellulose based film, phosphorous, potassium, sodium, sodium hydride, zinc powder, zirconium hydride.
Frozen water	Including packs of ice.
Gases	<p>Gases that are compressed, liquefied or dissolved under pressure, permanent gases which cannot be liquefied at ambient temperatures, liquefied gases which become liquid under pressure at ambient temperatures, dissolved gases which are dissolved under pressure in a solvent.</p> <ol style="list-style-type: none"> All flammable compressed gases are prohibited e.g. blowlamps; butane; lighters and refills containing flammable liquid or gas; ethane; gas cylinders for camping stoves; hydrogen; methane and propane. All toxic compressed gases are prohibited e.g. chlorine; fluorine etc. All non-flammable compressed gases are prohibited e.g. air bags; scuba tanks, carbon dioxide; fire extinguishers; neon and nitrogen.
Goods made in foreign prisons	Except those imported for a non-commercial purpose, of a kind not manufactured in the UK, or those in transit.
Human and animal remains	Including ashes.
Infectious substances UN2814 or UN2900	Category A Infectious Substances are prohibited e.g. Ebola, Anthrax, Foot and Mouth disease as detailed in the latest edition of the International Civil Aviation Organization's (ICAO) Technical Instructions. For more information please see the IATA Guidance Document on Infectious Substances.
Lighters and refills containing flammable liquid or gas	<p>Including used butane and petrol cigar and cigarette lighters.</p> <p>New and unused empty lighters are allowed. Please see Restricted Goods</p>
Liquids over 1 litre	
Living creatures, animals and reptiles	Except certain insects and invertebrates. Please see Restricted Goods.
Lottery tickets	
Magnetised material	Magnetised material with a magnetic field strength of 0.159A/m or more at a distance of 2.1m from the outside of the package.
Matches	Of any kind, including safety and windproof matches.
Obscene publications and pornography	Including pornography as detailed in Part 5 of the Criminal Justice and Immigration Act 2008 and indecent photographs or pseudo-photographs of a child as detailed in section 160 and 161 of the Criminal Justice Act 1988.
Oxidising materials and organic peroxides	These are substances such as disinfectants that may cause or contribute to combustion of other substances. They may also be liable to explosive decomposition, react dangerously with other substances and injure health e.g. bromides, chlorates, components of fibreglass repair kits, disinfectants, nitrates, per chlorates, permanganates and peroxides, including hair dyes and colourants containing peroxide.

PROHIBITED ITEMS

ITEM	DETAILS
Perfumes, Aftershaves and Nail Varnishes	All prohibited excluding non-flammable perfumed creams, gels, oils or lotions.
Pesticides	Including weed killer and any chemical that is used to kill pests and insects such as fly sprays.
Poisonous, toxic liquids, solids or gases	Including substances that are liable to cause death or injury if swallowed or inhaled or by skin contact, such as arsenic, beryllium, cyanide, fluorine, rat poison.
Radioactive materials	Radioactive materials and samples that are classified as radioactive using Table 2-12 of the latest edition of the International Civil Aviation Organization's Technical Instructions e.g. fissile material (uranium 235, etc), radioactive waste material, thorium or uranium ores and luminous dials from aircraft.
Solvent-based paints, wood varnishes and enamels	Including gloss paint
Tickets and related advertisements for illegal lotteries	
Waste, dirt, filth or refuse	<i>Including household waste or rubbish.</i>
Weapons	<i>Including Section 5 firearms, CS gas and pepper sprays, flick knives, tasers and stun guns. Guns for sporting use - including Section 1, Section 2 firearms and low-powered airguns Items that appear to be prohibited weapons may be subject to additional checks and delays.</i>

* You are responsible for checking whether any items you send are prohibited or restricted. Countries overseas also have their own rules on what they will and will not allow to be sent by post. Further information is available at: <http://www.upu.int/en/activities/customs/list-of-prohibited-articles.html>

RESTRICTED ITEMS

ITEM	DETAILS
Alcoholic beverages and liquids	<p>Including beer, lager, wine and champagne, with an alcohol content no greater than 24% ABV.</p> <p>Wrap in polythene and seal with tape. Surround with absorbent material such as newspaper and sufficient cushioning material to protect each item from breakage. Volume should not exceed 1 litre per item. Mark as 'FRAGILE' when sending glass bottles. The sender's name and return address must be clearly visible on the outer packaging.</p> <p>Any alcoholic beverage with alcohol content greater than 24% ABV is prohibited. Please see Prohibited Goods.</p>
Batteries - new alkaline, nickel metal hydride (NiMH) or nickel cadmium (NiCd)	Including household AA and AAA batteries. Must be new and sent unopened in their original retail packaging. Surround with cushioning material e.g. bubble wrap. The sender's name and return address must be clearly visible on the outer packaging.
Christmas crackers	Crackers can only be sent in their complete made-up form and in their original retail packaging.
Counterfeit currency, bank notes and postage stamps	<p>Only copies of old denominations, which are now obsolete and worthless except for collectable value and cannot be passed as tender are allowed.</p> <p>Any false instrument or copy of a false instrument (within the meaning of section 5 of the Forgery and Counterfeiting Act 1981) is prohibited. Please see Prohibited Goods.</p>
Electronic items sent with new alkaline, nickel metal hydride (NiMH) or nickel cadmium (NiCd) batteries	Must be new and sent unopened in their original retail packaging. Surround with sufficient cushioning material to protect each item from damage. Wrap each item, including plugs, individually. Place item in a rigid container and cushion to avoid movement. Any equipment sent with batteries or cells must be secured against movement within the outer packaging and must be packed to prevent accidental activation. The sender's name and return address must be clearly visible on the outer packaging.
Lighters	<p>New and unused empty lighters may be sent unopened in their original retail packaging. The sender's name and return address must be clearly visible on the outer packaging.</p> <p>Lighters and refills containing flammable liquid or gas (including used butane and petrol cigar and cigarette lighters) are prohibited. Please see Prohibited Goods.</p>

RESTRICTED ITEMS

ITEM	DETAILS
Living creatures, insects and invertebrates	<p>Including bees, caterpillars, cockroaches, crickets, destroyers of noxious pests, earthworms, fish fry and eggs, leeches and other parasites, lugworms, maggots, mealworms, pupae and chrysalides, rag worms, silkworms, spiders and stick insects.</p> <p>Must be boxed and packaged to protect the creatures, our staff and our customers from harm. Items must be clearly marked 'URGENT – LIVING CREATURES - HANDLE WITH CARE'. The sender's name and return address must be clearly visible on the outer packaging.</p> <p>Live animals and reptiles are prohibited, as are any creatures or insects classified as dangerous within the Dangerous Wild Animals Act 1976 (including certain venomous spiders). Please see Prohibited Goods.</p>
Magnetised materials (other than those that are prohibited)	<p>Should be wrapped in soft packaging at least 2cm thick around each item. The sender's name and address must be clearly visible on the outer packaging.</p> <p>Magnetised material with a magnetic field strength of 0.159A/m or more at a distance of 2.1m from the outside of the package are prohibited, please see Prohibited Goods.</p>
Prescription medicines and drugs sent for scientific purposes	<p>May only be sent by, or at the specific request of, a qualified medical practitioner, registered dental practitioner, veterinary surgeon, registered nurse or a recognised laboratory or institution.</p> <p>Medicines classified as non-flammable or non-toxic must be securely closed and placed in a leak-proof container such as a sealed polythene bag (for liquids) or a siftproof container (for solids). Must be tightly packed in strong outer packaging and must be secured or cushioned to prevent any damage. The sender's name and return address must be clearly visible on the outer packaging.</p> <p>Medicines classified as flammable, toxic or flammable and toxic are prohibited. Please see Prohibited Goods.</p>
Radioactive material and samples that are not classified as dangerous goods in the latest edition of the Technical Instructions for the Safe Transport of Dangerous Goods by Air published by the International Civil Aviation Organization (ICAO) such as samples of granite rock.	<p>Surround with cushioning material e.g. bubble wrap. The sender's name and return address must be clearly visible on the outer packaging.</p>
Sharp objects	<p>Sharp objects like knives, kitchen utensils and gardening tools may only be posted if they are packaged appropriately so that they are no risk to employees, other postal items or recipients.</p>
Vaccines	<p>May only be sent by, or at the specific request of, a qualified medical practitioner, registered dental practitioner, veterinary surgeon, registered nurse or a recognised laboratory or institution.</p> <p>The vaccines must be securely closed and placed in a leak-proof liner such as a sealed polythene bag (for liquids) or a sift-proof container (for solids). Must be tightly packed in strong outer packaging and must be secured or cushioned to prevent any damage. The sender's name and return address must be clearly visible on the outer packaging.</p>
Water-based paints, wood varnishes and enamels	<p>The items must be securely closed and placed in a leak-proof liner, such as a sealed polythene bag, so that any inadvertent leakage is contained within the outer packaging. Surround with absorbent material such as newspaper and sufficient cushioning material to protect each item from damage. Volume per item should not exceed 150ml. No more than four items can be sent in any one package. The sender's name and return address must be clearly visible on the outer packaging.</p>

* You are responsible for checking whether any items you send are prohibited or restricted. Countries overseas also have their own rules on what they will and will not allow to be sent by post.
